

Regenerative farming. Cultivating sustainability in land, lives and livelihoods.

Agriculture in harmony with nature

10th December 2021, Belarus

Hannah Thorogood, The Inkpot Farm

The Inkpot Organic Farm, Permaculture Demonstration Centre

Hannah Thorogood, MSc,
Farmer, Teacher, Senior Tutor,
Parent to teenagers

Sustainability in Land

Earth care

- Organic
- Permaculture
- Regenerative Agriculture,
- Composting, Mulching,
- Solar energy,
- Seed saving,
- Biodiversity....

A sepia-toned photograph of a man and two children in a grassy field. The man, wearing a hat and a jacket, is pushing a wheelbarrow on the right. Two children are sitting in wheelbarrows in the center, also pushing them. In the background, there is a wooden fence and a small building under a cloudy sky.

Sustainability in Lives

- Purpose
- Connection – nature, people, place
- Peace, tranquility
- Acceptance, Freedom
- Safe & wild
- Education
- Empowerment
- Value....

People care

Sustainability in Livelihoods

Fair Share

- Poly income
- meeting needs
- Fair prices for all
- Volunteer value
- Paying it forward
- Shared Enterprises
- Access to resources
